ENTERTAINMENT AND DECORATIONS FOR FAIR ARRANGED THIS WEEK

Warren Decorating Co. to Undertake Task of Banner Hanging

Big Time entertainment will be one of the attractions at the first two nights of the Washington Township Fair, according to Allen G. Norris, publicity head for the projected display. Frank Bristol, known in this district as an able and resourceful master of ceremonies will have charge of the arrangements. Bristol will secure a number of RKO and NBC radio artists as the nucleus of his program.

Although final arrangements have not been made, the type of entertainment for the fair had been concluded upon by the entertainment committee several days ago.

In addition to the entertainment, which is now assured as outstanding, the decoration problem was cleared up when the executive committee of the fair met with Judge Allen Norris in the latter's office Tuesday afternoon and decided to lay the decorating work in the hands of an experienced company. After considerable discussion it was decided to award the decoration contract to the Warren Decorating Company, of Fresno. The Warren Company, which has been operating for more than fifteen years has had charge of the San Jose Fiesta De Las Rosas for ten years, the Livermore rodeo decorations, and festivals and fairs all over the west for many years.

According to L. Russell, decorating company representative, the main street of Centerville will be strung with appropriate banners from the high school north as far as Rose Garage. The decorations will consist of row after row of colorful banners, interspersed with advertising signs and streamers.

In addition to the street and outdoor decorations, the Warren Company has contracted to decorate the interior of the high school gymnasium.

Booth space at the fair, which has been dwindling rapidly as eager local industries contracted for display room, will be gone long before the week of the fete, committeemen say.

It appears as though the Township Fair, undertaken with energy by the Centerville Lions club, and other Township civic groups, is headed toward a tremendous success.

MARTINELLI TO OPEN GROCERY HERE SATURDAY

After a period of several years, in which he emphasized the dry goods end of his business, Frank Martinelli will again open a grocery Saturday in the store next door to the one which he has been operating.

Martinelli states that he will carry all lines of domestic groceries and a large stock of fine imported goods.

During the past week Martinelli has been busy altering the interior of the new store and installing counters and fixtures. The opening day will be Saturday, May 19. On that day there will be \$20 worth of fine groceries given away. Details may be obtained by asking at the store.

HEAT SPEEDS SLOW RIPENING CHERRY CROP HERE

Warm weather, experienced in Washington township for several days last week, was exactly what the slow-ripening cherry crop needed. Activity has been stirred as a result of it, and the harvest of the black tartarians is well under way. Previous to the warm spell, the fruit had been retarded in ripening by cool breezes in the afternoon.

A limited amount of cherries have been going east for the past three weeks. Slightly more than three hundred cars have been sent out from the San Jose terminal. Less than a third of the cars have been destined for the east. It is estimated that a total of 325 cars will be shipped to the east from Santa Clara Valley.

To date prices on the shipping grades have not been as good as was expected due to the glutting of the New York market with inferior grades from the Sacramento valley. The situation is expected to change, however, as the Sacramento consignments are to drop this week. If this occurs, it will give local growers about three weeks good marketing.

Black tartarians form the bulk of the shipments from this district. Bings are expected to start next week, with Republicans a little later. Royal Annes, growers say, will be ripe before May 25, at which time canneries and preserving plants will open for the season's run.

LIVERMORE RODEO PARADE FORCAST AS BIGGEST EVER

Niles Will Enter Group In Annual Spectacle On June 9

Predicting the greatest parade ever presented in conjunction with a rodeo, Dr. F. L. Herrick, director of the procession which will open the great Livermore rodeo here June 9, today announced that 136 entries have already been received.

"Livermore will, as usual, contribute its colorful division of old stage coaches, covered wagons, ox teams, freighters, and other relics of transportation in the days when the trek to the golden west was under way," he declared, "but that is only the start."

"Entries have been received from virtually every city in central California. Bands, drum corps, floats, marching units, and automobile caravans are coming here to make the 1934 parade the greatest we have ever presented."

Chambers of commerce will send delegations to represent more than fifty different cities. Niles is one of them. Dozens of communities have entered floats representative of their celebrations. Six bands and four drum corps are already assured with many more having been invited.

DISTRICT MEET OF LIONS TONIGHT AT MEMORIAL BUILDING

Centerville Club Hosts to Large Gathering of Bay Area Clubs.

Members of the Lions clubs, from all over the San Francisco bay area will gather at the Veterans Memorial building in Niles tonight for the quarterly district convention.

The Centerville Lions club will be hosts for the evening. Dinner will be prepared by members of the Washington township Legion Post 195. According to Chick Santos, Centerville Lion president, more than 200 are expected at the gathering.

The entertainment will be furnished and directed by the Central committee of the district clubs, Santos said.

NILES UNHEALTHY FOR SPEEDERS LAST WEEK

George Barron, diminutive but effective member of the California State Highway patrol, has been making Niles a safe place for pedestrians during the past week, much to the dismay of over-enthusiastic motorists, who have been wont to dash through the town at excessive speeds.

Attention was first brought to the danger by Niles businessmen who felt that their customers, crossing the street in front of their stores, were running risks that could be obviated. Complaints to Captain Louis Elke and to the Niles Chamber of Commerce resulted in the campaign being carried on at the present time.

The motor officer, apparently with the intention of giving the local speeders a break, spent the first day of his campaign here warning more than handing out citations.

SCHOOL CHILDREN TO SEE MOVIE OF MOSQUITOES

How the pestiferous mosquito breeds, and how the larvae develop into robust insects, will be the subject of a motion picture to be screened at the Niles Grammar school next Wednesday morning by R. B. Van Etten, mosquito abatement district representative.

According to Van Etten, the film is of excellent educational value. In addition to the pictures showing the development of the bugs, Van Etten will show pictures depicting the activities of the abatement district in combating the winged insects.

The method by which malaria is transmitted from one human being to another by the anopheles mosquito, will be explained and illustrated, Van Etten stated.

BOOSTER PARADE TO BE HELD AT NILES WEDNESDAY, JUNE 6

Free Rodeo Tickets To All Local Children Who Attend

All children of school age in Washington township will be guests of the town of Niles at 4:30 Wednesday afternoon, June 6, when the Annual Niles Booster parade will be staged under the direction of Grady Denton and the Niles Jackass Polo team. There will be a distribution of free tickets to the Livermore rodeo to all children who attend. The time of the parade was arranged for the afternoon in order that the boys and girls might be on hand after school hours.

Starting last year, the parade this time will be of even greater proportions, according to Denton. There will be representations from Livermore, Centerville, Hayward and other surrounding towns. The main feature of the Niles section will be built around an ancient covered wagon furnished by the Thomas Cactus Garden, at Decoto. Both the Jackass polo team and the junior team will participate. Members of the polo team, who are assisting Denton with the preparations are: Jack Gieb, J. Ferrera and M. Andrade.

CIVIC GROUP PLANS DISPLAY BOOTH AT TOWNSHIP FAIR

Suggestions Are Made For Civic Improvements At Meet Monday

Taking a full interest, and determined to make the Niles display an appropriate and informative one, the Niles Chamber of Commerce Monday spent a part of their discussion time going over tentative plans for their participation in the Township Fair, slated for the latter days of June. At the suggestion of Harvey Braun the discussion will continue as one of the main topics for the meetings of May and June. He suggested that time and thought be spent.

Judge Richmond, member of the committee for the participation of Niles in the Livermore Rodeo parade, told the Chamber of plans under way by Grady Denton, upon whom the work will rest. Denton is planning to hold a parade in Niles previous to the Livermore one to arouse interest here. According to Richmond, there may be a distribution of free tickets to Niles children for the Livermore festivities.

A suggestion bearing definite civic weight was made by D. B. Colville, when he asked that the Chamber get in touch with the Foster and Kleiser sign company and request that the ground about signboards at the east entrance to the town be cleaned up. Colville stated that it was a practice of the sign company in many places to plant shrubs about their signs. He hoped that it could be done here.

President Jones lauded the efforts of officers in quelling speeders in the town, and gave a report of the Anti-Racket meet to which he and several others went as representatives of Niles. Harvey Braun reported that work will soon start on the repainting of parking zone lines in Niles. He stated that E. E. Dias would have charge of the painting.

H. L. Scott urged that the Chamber turn out for the Baseball whist party Tuesday night. He gave a report on the Niles victory Sunday.

Mrs. R. Jelliff was an Oakland visitor Friday afternoon.

ELDERLY MASONIC HOME INMATE IN FATAL FALL SUNDAY

G. W. Elder, 83, Pitches to Death From High Window.

Leaning too far out of his window on the second floor of the Masonic Home at Decoto early Sunday morning, resulted in a fatal fall for George W. Elder, 83 year old resident of the home. Whether the fall was accidental or deliberate is not known.

Elder, who had been living at the home for six years is said to have been apparently satisfied with his surroundings.

Elder was a native of Uniontown, Pennsylvania. He was formerly a resident of Marysville, where he was affiliated with the Corinthian Lodge No. 9 of the F. & A. M.

Funeral services, under the direction of the Chapel of Palms, Centerville, were held yesterday at 2:30 p. m. at the Oakland Crematory. An inquest will be held at Centerville at 10:00 tomorrow morning.

SEA SCOUTS SOON TO OUTFIT OWN WHALEBOAT

Intent on acquiring seafaring knowledge pending the outfitting of their own boat, the Niles Sea Scouts spent Sunday afternoon on Lake Merritt, at Oakland, acquainting themselves to the handling of a long boat.

Supervised by Skipper Morrison Green and steered by Coxswain Vernon Ellsworth, the Niles salts who rowed were: Charles Myrick, Bert McKernan, Harry Cesari, Howard Rose, Peter Bunting and Everett Mendenhall. The latter is the mate.

The scouts are looking forward to the founding of their own boat, which was purchased at Government Island. They went to view it Sunday. The craft is a regulation navy whaleboat thirty feet long. It is in good condition. Plans are under way to caulk, and paint it and to install a motor, to enable the boys to take long cruises.

APRICOT CROP IS ESTIMATED AT 38 PERCENT FULL

With prospects of a decent price to alleviate the disappointment brought by an unusually short crop, apricot growers in Washington township are watching their orchards for the appearance of green rot. Other sections of the state are being troubled with the disease.

According to an estimate of the forthcoming tonnage the central coast counties will have 38 per cent of a full crop as compared with 82 per cent last year. The district figures are about the same as the state, although it is said that San Benito county will have the best yield in California.

With the exception of a few scattered orchards, the crop in Washington township is approximated at about 35 per cent of the potential tonnage based on the totals of the last four years.

Ted Dundas, and a party of friends from Washington township, will be entertained at dinner in San Francisco Saturday night by Mrs. E. Snell, Dundas' aunt.

Miss Anna Millicent Shinn entertained a number of friends at her home Saturday evening.

August May Appointed One of Seven On Committee

A farm debt adjustment committee for Alameda county has been appointed by Governor Rolph with the following membership:

Eric Ruus, chairman, Hayward; H. G. Zuckerman, Berkeley; August May, Alvarado; F. B. Cross, San Leandro; Rudy Stenzel, San Lorenzo; C. A. Rinderspacher, Mt. Eden; J. L. Donovan, San Leandro.

These appointments were made by the governor on the recommendation of the California Farm Debt Adjustment Committee which was appointed by the governor at the request of the Federal Farm Credit Administration.

In announcing the appointment of this committee, T. C. Tucker, chairman of the California Farm Debt Adjustment Committee, made the following statement:

"It has been the experience of the committees set up in other states that the very announcement of such an organization has concentrated attention on the problem of adjusting debt differences between farm debtors and creditors so that efficient farmers may be able to hold title to their farms and continue to operate them."

"The operations of these committees in other states have proven of profound value to agriculture and to the communities where adjustments have been effected. Delinquent taxes have been paid, current creditors have received money and farmers have been enabled to continue the operation of their farms on a basis which has resulted in their being able to pay their way."

The committee for Alameda county is prepared to function, and on application of debtors will be glad to furnish blanks whereby their cases may be presented to the committee for action.

Why the Sudden Change to Liquid Laxatives?

Doctors have always recognized the value of the laxative whose dose can be measured, and whose action can be thus regulated to suit individual need.

The public, too, is fast returning to the use of liquid laxatives. People have learned that a properly prepared liquid laxative brings a perfect movement without any discomfort at the time, or after.

The dose of a liquid laxative can be varied to suit the needs of the individual. The action can thus be regulated. It forms no habit; you need not take a "double dose" a day or two later. Nor will a mild liquid laxative irritate the kidneys.

The wrong cathartic may often do more harm than good.

Dr. Caldwell's Syrup Pepsin is a prescription, and is perfectly safe. Its laxative action is based on senna—a natural laxative. The bowels will not become dependent on this form of help. Dr. Caldwell's Syrup Pepsin is at all druggists. Member N. R. A.

Now we ask you to

WHY do you suppose Chevrolet keeps repeating, in all of its advertising, "Drive it only 5 miles"? Here's the reason: Chevrolet engineers have tried out all the various makes of cars in today's low-price field. And they have proved, to their complete satisfaction, the same things that hundreds of thousands of Chevrolet owners are proving in their daily driving: How much more smoothly a car travels with genuine, fully-enclosed Knee-Action. How much more comfortably it handles, with

shock-proof steering. How much more restfully you ride, in a Fisher Body car. How much more safely you drive, with cable-controlled brakes. And how much finer performance and better economy are secured from an overhead-valve Six! In other words, Chevrolet engineers know for sure that the Chevrolet ride simply can't be matched by any other in the low-price field. They know it—thousands of owners know it—and now we want you to know it too, before you make your final choice of a low-priced car. CHEVROLET MOTOR CO., DETROIT, MICH.

HOT WATER is used 150 times a day

FOR ECONOMY IT SHOULD BE

YOUR purchase of an Automatic Gas Water Heater is an investment in economy.

In daily benefits and in long and dependable service it will pay dividends to the whole family. It is economical in operation as well. An Automatic operates on a minimum of fuel. The wasted fuel alone, in the operation of a tank type heater for example, will go a long way toward paying the cost of automatic hot water because the automatic control and insulated tank conserves fuel.

Right now is the thrifty time to buy your Automatic. Prices have not been raised. Purchase terms and monthly payments are low. Take advantage of this easy way to buy and easy way to save by investing for economy in an Automatic Gas Water Heater.

PENTECOSTAL FETE DRAWS JUBILANT WEEK-END CROWD

Celebration Marked by Parade; Bands and Drill Teams.

Members of the Holy Ghost parish this week state that the annual Pentecostal Fete, held last week-end, was one of the best for several years. It seemed to be the general consensus of opinion that, although the crowd was not immense, it was a spending one.

The outstanding feature of the celebration, as far as color went, was the Sunday parade. Four drill teams, the S. P. R. S. L. U. P. P. E. C. Boy Scouts, and Woodmen, lent a flashy touch. The Centerville Band contributed much to the success of the day.

Veronica Furtado, last year's queen, ushered in Miss June Furtado, who ruled this time. The maids of honor: Anna Rose, Bertha Roche, and the bar girls; Gloria Clark, Marjorie Jason, Betty Bettencourt and Norma Lewis were attractively attired.

W. J. Furtado, president of the Fiesta committee for the twelfth consecutive year stated his satisfaction in the event. He issued thanks to all who assisted him in arrangements.

The dances, on both Saturday and Sunday evenings were well attended. The concert by the Druids band on Saturday evening was one of the high lights.

Blazing Car Routes Out Centerville Firemen

Apparently forgetting a burning cigarette in his car when he left it after running out of gas on the Mowry road Monday night almost cost George Rodriguez his automobile.
